EDUCATION

CENTRO ESCOLAR UNIVERSITY

Bachelor of Science in Information Technology

Makati

Expected June 2027

- **Academic Honors:**
 - President's List: S.Y. 2023-2024 (2nd Sem), 2024-2025 (1st Sem)
 - Dean's List: S.Y. 2024-2025 (2nd Sem), 2025-2026 (1st Sem), 2025-2026 (2nd Sem)
- **Leadership Experience:**
 - Student Council President: S.Y. 2025-2026
 - Class President: S.Y. 2026 - 2027

UNIVERSITY PROJECTS

PalAI

April 2026

- Developed an end-to-end agritech digital platform during a fast-paced hackathon to streamline communication, contract management, and supply chains between farmers and agribusinesses.
- Built a role-based authentication system to deliver customized user flows across web and mobile interfaces for farmers, buyers, and platform managers.
- Implemented features for secure payment tracking, quota allocation monitoring, and an SMS-gateway hub to guarantee remote communication access for off-grid users.

MotionSpeak

January 2026

- Architecting a deep learning system to translate Filipino Sign Language (FSL) into text, bridging communication barriers for the Deaf community.
- Engineering data preprocessing pipelines to handle spatial and temporal video data, optimizing inputs for real-time model inference.
- Implementing computer vision frameworks to accurately track hand gestures and facial expressions.

Weather Analytics Pipeline

June 2026

- Designed and built an automated data pipeline that extracts live weather data via APIs, processes it for consistency, and stores it for analytical reporting.
- Utilized Python and SQL to clean, transform, and model time-series weather metrics, reducing manual data processing time.

ACTIVITIES

ITOlympics 2024 .NET Programming

- Top 15 Finalists

Sparksfest 2025

- Top 10 Finalists

CreateNConquer 2025 Hackathon

- Felta Multi-Media Award

BPI Data Wave Hackathon 2025

- Top 6 Finalists

InterCICSkwela 2026: Hackathon

- Champion
- Best Tech For Sustainability
- Best Problem Solver
- Best Impactful Innovation

18th CEU University Research Forum 2026

- Participant in Best in Pitching

Hulma 2026 Datathon

- 2nd Place

Sparksfest 2026

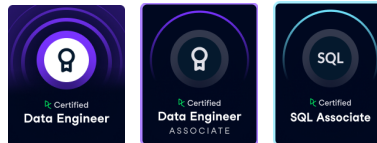

- Top 10 Finalists
- Best in Technology

ADDITIONAL

Technical Skills: SQL, Javascript, HTML/CSS, React, TypeScript, Node.js, Python

Certifications & Training:

- Data Engineer – DataCamp
- Associate in Data Engineer – DataCamp
- SQL Associate – DataCamp
- CS50p: Introduction to Programming with Python – HarvardX
- CS50x: Introduction to Computer Science – HarvardX
- Computer Systems Servicing (CSS) NC II – TESDA
